Benepower is an AI-powered benefits platform enabling customized plans, optimizing usage, and measurable impact.

The platform of choice for a modern benefits experience.

I am a new employee and need to see a doctor immediately as I am not feeling well.

Welcome to the company! I understand that you are not feeling well.

Based on your insurance plan and your home location I have found **top rated family medicine doctors** that are in network and are accepting new patients.

Should I help you to **schedule an appointment?**

Yes, please. Schedule an appointment with the best rated and the closest doctor available.

Access from any device

Visit us online or through the app, The Benefits App v2.

AI-Powered Interactions

Get help with your needs right when you need it!

Manage benefits in one place

Access virtual care, search for providers, contact a benefits advocate, and more!
